Legamaster whiteboards
Cleaning and maintenance

Legamaster
We make communication visible

How to start using your Legamaster whiteboard

- Moisten the whole writing surface with Legamaster board cleaner.
- Wipe the board clean with a Micro fibre cloth.
- Make sure that your board is dry before you start writing on it.
- Always thoroughly clean the writing surface before writing on it.
- Use markers with sufficient ink in the reservoir and firmly replace caps after use.
- For best results store markers horizontally.
- The Legamaster Micro fibre cloth gives the best result for intensive wet wiping and cleaning.
- Original board erasers are a solution for quickly correcting and (dry) erasing while writing on the board.
- Eraser tissues are advised to be renewed regularly for an optimal result.
- Legamaster board cleaner spray is a solution for intensive cleaning and wet-erasing in combination with the Micro fibre cloth. Please ensure you do not over-moisten the writing surface. Thoroughly clean the writing surface until all the ink has been removed and there is no longer liquid visible on the surface.

Microfibre cloth
40 x 40cm – 2 pcs
Ref.no. 7-121700

BOARD ERASERS

When using a whiteboard intensively; cleaning (older) ink stains can be a challenge. The cloth removes the "ghost writing" which occurs when the volatile components of the ink leave "ghost writing" on the board. Even when using a dry Micro fibre cloth this "ghost writing" mostly disappears. Additionally the cloth takes up the ink pigments; preventing them from being wiped over the board again. Last but not least: After usage the cloth can simply be washed in the washing machine!

- Best solution for intensive wet wiping and cleaning
- Even removes ghost writing and ink stains
- All you need is water or, for best result, use Legamaster whiteboard and glassboard cleaner – no other solvents required
- Dimensions 40 x 40 cm
- Withstands wash cycles up to 60 degrees

Small whiteboard eraser

Ref.no. 7-120100
Refill tissues
Ref.no. 7-120200

Magnetic whiteboard eraser

Ref.no. 7-120300
Eraser pads
