EVERCOLOR

Strong points

The Evercolor range is the largest 100% recycled tinted range on the market with 6 pastel and 5 intensive tints. All are available in 80 gsm in A4, and the pastels also in A3, which allows for diversified presentations.

Evercolor has ideal characteristics for copiers, and laser and inkjet printers.

Its stiffness, thickness and bulk, guarantee a great dimensional stability after running through copier or printer.

Its surface and high opacity make it an excellent paper for printing on all office machines.

Clairefontaine, through its recycled papers, guarantees that its customers can obtain ecological paper, but also a colourful means of communication adapted to all needs.

Technical specifications

Substance	g/m^2	80	NF EN ISO 536
Thickness	μm	105	NF EN ISO 534
Bulk	cm^3/g	1.31	NF EN ISO 534
Bendtsen roughness	ml/min	270	ISO 8791-2
Absolute humidity	$\%H_20$	4.5	NF EN ISO 20287
Relative humidity	% In the air	30	Sword measurement
Permanence		DIN 6738 CL 24-85	

These values are not contractual.
